

VGU NEP 2020– Design Your Own Degree

(Your Degree, Your Choice, Your Destination – Majors, Minors, Micro-Credentials and Many More)

Key cover bullets:

- **4-Year Under Graduate Program (FYUGP) with multiple entry & exit and credit bank**
 - Students can choose their own learning paths, with options to leave a degree program after one year (certificate), two years (diploma), or three/four years (degree).
 - The Academic Bank of Credits (ABC) system facilitates the transfer of credits across different institutions, allowing students to break their education and resume it without losing previous credits.
 - The University has implemented Continuous Internal Evaluation (CIE) and Semester End Examination (SEE). The comprehensive continuous internal evaluation system is evenly spread and has various components of evaluation such as tutorials, laboratory exercises, home assignment, quizzes/tests/examination and regularity.
- **Design your own combinations of majors, minors, specializations and Electives from 100+ options.**
- **Choice-based AEC, VAC, SEC basket including foreign languages, sports, performing arts, entrepreneurship, Indian Knowledge Systems and more.**
- **Integrated internships, Apprenticeship, certifications and micro-credentials from global platforms.**
- **Double Degree Option**
- **Minor Degree in different Specializations**
- **Online and Distance Mode Programs (MBA, BBA, MCA, BCA, MA, M.Sc.-Mathematics)**

- **Trans-disciplinary Project (TDP):** Mandatory TDP from first year onwards; teams of 5 students from different disciplines co-create solutions on real-world themes.
- **MOOCs Online Platforms majority mapped with Electives and Specializations**

(VGU Degree + Global MOOCs + Advanced Certifications + Live Projects = World-Class Graduate)

Metric	Achievement at VGU
Coursera courses available	17,000+
Coursera completions annually	13,000+
LinkedIn Learning courses	20,000+
LinkedIn Learning completions annually	5,000+
Utility of online platforms	100%
Global platform partners	8+
Years of MOOC integration	3+

- **VGU Global Learning Hub: Platform Partners**
 - CodeEdu: Centre for Originality, Design & Expression
 - Coursera Campus (Google, IBM, Meta, Microsoft)
 - LinkedIn Learning
 - Harvard Business Publishing
 - EXIN Certifications (Agile, DevOps, ITSM, Cybersecurity)
 - AWS Academy
 - Red Hat Academy (RHCSA, RHCE)
 - NPTEL, SWAYAM, and SWAYAM Plus
- **Always-on digital campus through VGU One and mobile apps for governance and student services: Unified portal for admissions, academics, internships, placements, exam results, feedback and e-governance.**

Element	What students control	NEP linkage
Major	Primary discipline depth (e.g., Engineering, Management, Design, Computer Science, Agriculture, Humanities)	Multidisciplinary, flexible curriculum
Minor	Secondary focus from 10+ areas (Design, Sports, Sustainable Development, Indian Knowledge Systems, Performing Arts etc.)	Holistic, cross-disciplinary exposure
Specialization	Cluster of advanced electives + certifications	Outcome-based, skills-oriented design
Open electives	Courses from any discipline	Academic mobility and choice
Micro-Credit Courses	Compulsory courses with enabling online platforms	MOOCs
Internship	Summer internships, semester-long industry immersions and community projects embedded with credits across programs.	Mega placement drive signalling strong industry linkage and Society Orientation
Trans-disciplinary Project (TDP)	Mandatory TDP from first year onwards; teams of 5 students from different disciplines co-create solutions on real-world themes	Trans disciplinary

“Join VGU and become the co-designer of your education – choose your major, craft your minor, stack global micro-credentials, work on real-world problems, and graduate with a portfolio that is uniquely yours.”
