## Brief Report

The workshop was aimed to provide knowledge for skill development of sericulture to the students of B.Sc. Life Sciences and B.Sc. Agriculture, Department of Life Sciences, VGU. The guest lecture was delivered by Prof. N.P Singh. He delivered a lecture on “Sericulture” and spoke about the art and science of silkworm breeding for producing silks. He discussed entrepreneurship and career options in Sericulture..

### The lecture covered following areas:

- What is sericulture?
- Who can study sericulture?
- Scope of being a sericulturist
- Career options in sericulture
- Guidance for the setting up of sericulture farms
